

TREE DESCRIPTIONS

Sargent Crabapple grows slowly to 6'-10' tall with a 6'-12' spread that exceeds its height. Profuse clusters of small white fragrant flowers in the spring are followed by 1/3"-1/2" red berries that persist into winter. Birds love the fruit. New leaves are light green, later turning a darker green.

Eastern Redbud grows at a medium rate to 20'-30' tall with a 30' spread. Small rosy pink spring flowers are followed by reddish-purple leaves in summer that turn yellow in fall. The shiny reddish brown 2"-3" seed pods remain on the tree throughout winter.

Washington Hawthorn grows at a medium rate to 25'-30' tall with a 25' spread. White late spring flowers are followed by 1/4" glossy red fruits that stay onto the tree into winter. Leaves are reddish-purple when emerging, changing to dark green in summer, then to orange, scarlet, or purple in fall. The slender stems have thorns. This tree has a high wildlife value.

White Flowering Dogwood grows at a medium rate to 25' tall with a 25' spread. The showy white spring flowers are followed by glossy red 1/2" fruits that ripen in fall. Summer dark green leaves turn red purple in fall. This tree prefers some shade.

Goldenraintree grows at a medium rate to 30'-40' tall with a 35' spread. Showy panicles of yellow flowers in early summer are followed by papery hanging lantern shaped capsules through fall. The dark green leaves turn light yellow in fall. This tree adapts to a wide variety of growing conditions.

Crapemyrtle grows fast to 15'-20' tall with a 6'-15' spread. The striking flowers have wrinkled petals like crepe paper in colors of white, pink, or red. They bloom from late spring to fall. The leaves in summer are dark green changing in fall to yellows, oranges, and reds. White flowered shrubs have yellow fall foliage.

4111 – 5 Flowering Trees + Crapemyrtle

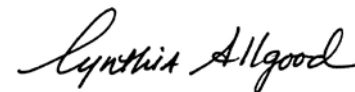

Dear Member:

Thank you for your contribution to the Arbor Day Foundation and sharing our mission to inspire people to plant, nurture, and celebrate trees.

Your free trees are my way of saying thanks. A leaf identification key and tree color code chart are on the back of this letter. Complete planting and transplanting instructions are in the enclosed *Tree Planting Guide*. You may contact Member Services if you have any questions about your trees. More complete information about each tree can be found in *The Tree Book* or on the online Tree Guide at arborday.org.

We want your tree planting experience to be successful. These trees are guaranteed to grow. If they don't, send your name and address and member number, if available, to the above address, and the entire packet of trees will be replaced free. Please enclose \$3.50 for shipping and handling and tell us which package of trees needs to be replaced. You may reach us by calling the toll-free number for Member Services, 1-888-448-7337, or e-mail us at info@arborday.org.

Best regards,

Cynthia A. Allgood
